Humanity Reboxed

"Serving the less fortunate"

To whom it may concern,

My name is Hunter Corbitt and I am the Founder and CEO of Humanity Reboxed. Humanity Reboxed is a faith based non-profit in California that specializes in homeless outreach. We pride ourselves going straight to the homeless on the streets instead of waiting for them to come to us.

I took a trip in 2016 with Lakeside Church to City Impact in the Tenderloin District in San Francisco. The poverty I saw was disgraceful. In the midst of all the crime and corruption though, I saw hope and transformation through the awesome organizations that worked there. I came home inspired to do the same in my own city. I teamed up with a few of my friends, and Humanity Reboxed was born. We follow one rule: outreach first.

Since we have been founded, we have connected with over 300 homeless individuals in Sacramento, Folsom, and San Francisco.

We strive to engage in conversation and to provide routes for those wanting a way off the streets. We also have a children's outreach program where we go into low income schools and provide outreach kits to those who need it. Humanity Reboxed is privately funded by donations from supporters. We offer a "Sponsor a Box" program, which is a pay it forward style program that allows supporters to fund an outreach kit for someone on the street.

We are looking for businesses in Folsom and Sacramento to partner with our Nor-Cal program. This a fantastic way to get your business more involved in the community and be apart of one of the fastest growing organizations in Nor-Cal. With your help, we can transform the poverty stricken communities in our own cities.

If you have any questions at all, please feel free to email me directly. I am always open to discussion.

Hunter Corbitt

Founder/CEO
